

Forest Field Day

Forest Field Day is a dynamic and engaging program for years 3-6 students and teachers, exploring the importance of forests and the resources they provide, as well as our role in the future of forests. The program makes links to the Science, HASS and Design and Technology curriculum and fosters citizenship, critical-thinking, and problem solving in students.

Students have the opportunity to meet professionals from across the forest industries and learn how forests are managed, examining the features of a forest including, water, soils, wildlife and the ways that we interact with forest landscapes.

Investigations could include:

- Fire and Forests
- Scat Facts
- Wildlife Walk
- Seed Story
- Why Wood?
- Forest Inventory
- Forest Discovery Walk
- Soil Science
- Water Watch
- Build a Tree House
- Fun with a Forester
- Our Daily Wood

- The FEF is staffed by qualified and experienced teachers.
- All activities support the Australian Curriculum and integrate STEM learning opportunities.
- The FEF will provide all the equipment needed for student activities.
