

Forest Education Foundation

The stories behind our trees

Forest in a Box - Loan Kits

If I Were a Tree - Year 1/2

This kit explores an important part of a forest – Trees!

Students examine the features of trees and their role in supporting other living things in the forest.

Adaptation Station - Year 5/6

This kit explores the characteristics of Tasmania's forests.

Identify the adaptations of living-things and look at forest specimens using microscopes.

Forest Interconnections - Year 3/4

This kit explores the concept of living and non-living things in a forest.

Identify who is eating who and how all parts of the forest are interconnected.

Design and Make - Year 3-6

This kit explores wood as a renewable resource, design innovation, forest systems and sustainability

Students use design thinking to build with a wood construction package.
